Black Ice Software - February 4, 2015

Printer Driver 14.25 is released with Multi-printer Installation!

Turning the computer into a High Volume document converter!

Black Ice Software has released the Printer Driver 14.25 including new capabilities to install **multiple numbers of printers** on the same computer creating a **high volume** document converter. Multiple instances of printers that are printing documents simultaneously results in a **much faster and reliable document converter solution.**

Version 14.25 of the Black Ice Printer Driver includes stability improvements in the **product registration** and improvements in the Photo Quality Intensity which results much **better visibility on poorly scanned documents.**

The complete list of improvements in the latest Black Ice Printer Driver include the following:

- Font optimization, and Embedded font optimization for Faster output generation.
- User interface improvement for the Watermark Brightness option
- Stability improvement in the Printer Manager for old printer drivers without OCR
- Updated PDF Dlls to version 2.6.2.618
- Added multi printer install option to TIFF/Monochrome printer driver
