Black Ice Software - August 12, 2015

Document Imaging SDK/ActiveX version 12.54 is released!

Improved rendering quality in BiDisp control for grayscale and color images, Improved handling of TIFF images with missing TIFF TAG information and more!

Black Ice Software has released the Document Imaging SDK/ActiveX version 12.54 including **improved rendering quality** in BiDisp control for grayscale and color images. By using the improved BiDisp control with improved rendering, developers can display grayscale and color images in much better quality. The Document Imaging SDK/ActiveX 12.54 includes **improved handling of erroneous TIFF images** with missing TIFF TAG information.

Version 12.54 of Document Imaging SDK/ActiveX also includes a **new capability to copy and paste annotations between pages** and includes stability improvement for memory handling in DeskewDIB and LineRemover functions.

The new Document Imaging SDK/ActiveX version 12.54 includes new **Unicode text file support** in the BiTiff.dll, improvements in **Note annotation drawing**, Improved font size handling in the Text and Note annotations and updated documentation to let developers take advantage of the new improvements.

Exclude Me

The complete list of improvements in the latest Black Ice Document Imaging SDK/ActiveX include the following:

- Improved rendering quality in BiDisp control for grayscale and color images
- Improved handling of TIFF images with missing TIFF TAG information
- Stability improvement for memory handling in DeskewDIB and LineRemover functions
- Added capability to copy and paste annotations between pages
- Improvements in Note annotation drawing
- Improved font size handling in the Text and Note annotations
- Added Unicode text file support to CreateFaxPageFromASCII and CreateBMPFaxPageFromASCII functions in BiTiff.dll
- Updated manuals

Free Upgrades and Priority Support

Do not forget to subscribe to future releases by purchasing maintenance. With an active maintenance subscription, you will receive all new releases for free! Priority email technical support is also included in your subscription. For more information call us at +1 561-757-4107 Extension 2, or sales@blackice.com.

As a special offer, if your maintenance subscription has expired or you did not include the maintenance subscription in your original purchase, simply refer to this newsletter to renew or add maintenance retroactively!
