Black Ice Software - February 9, 2017

Printer Driver 14.81 is released!

Emphasis on the OEM Printer Driver for Developers.
New Multi-driver MSI Installation samples, New InstallShield MSI samples, and new WIX Install samples!

Black Ice Software has released the Printer Driver version 14.81. This version focuses on Printer Driver API/Resource Toolkit with major improvements for the installation samples for developers.

The new version includes new InstallShield MSI installation samples, allowing developers to write custom installations without Microsoft .NET requirements.

Developers can install multiple instances of printers effortlessly with the latest release of the Printer Driver API/Resource Toolkit, which includes new multi-driver installation capabilities for the MSI install samples.
