Are you preparing for office closures? We can help

Keep your business up and running during Coronavirus-related closures and absences!

As users begin to work from home they will need solutions to help manage/secure the documents they utilize on a daily basis.

Black Ice Software offers several Cloud and Desktop solution for remote working.

To help you quickly enable remote work during COVID19-related office closures, Black Ice Software is offering flexible subscription/license options for our various printing solutions!

- **Print2RDP for remote printing**
- **Document Converter Printer Driver**
- **Print2Email for eFax and emailing**

Whether a handful of employees need to work remotely for a few weeks, or you're scaling up for full remote operations, **Print2RDP** and **Print2Desktop** allow for secure remote printing so your

employees can continue to work seamlessly from home!

- **Print from Anywhere**
- **Generate Detailed logs of each Print Job**
- **Resume work within minutes**

The perfect home office or cloud solution to automatically convert any print job to PDF, TIFF, or more. With a single click, upload to FTP, Web Service, or store the document directly into SQL. Administrators can preconfigure and remotely manage the Printer driver for users.

- **Secure Document Transfer to FTP, Web Server, SQL database!**
- **Resume work within minutes**

Print2Email can be used to similarly help user working from home to streamline emailing of documents for faxing and automated emailing. With single click of Print, automatically attach documents to an email as PDF or Tiff and email them.

- **Secure eFax**
- **Secure document emailing**
- **Resume work within minutes**
