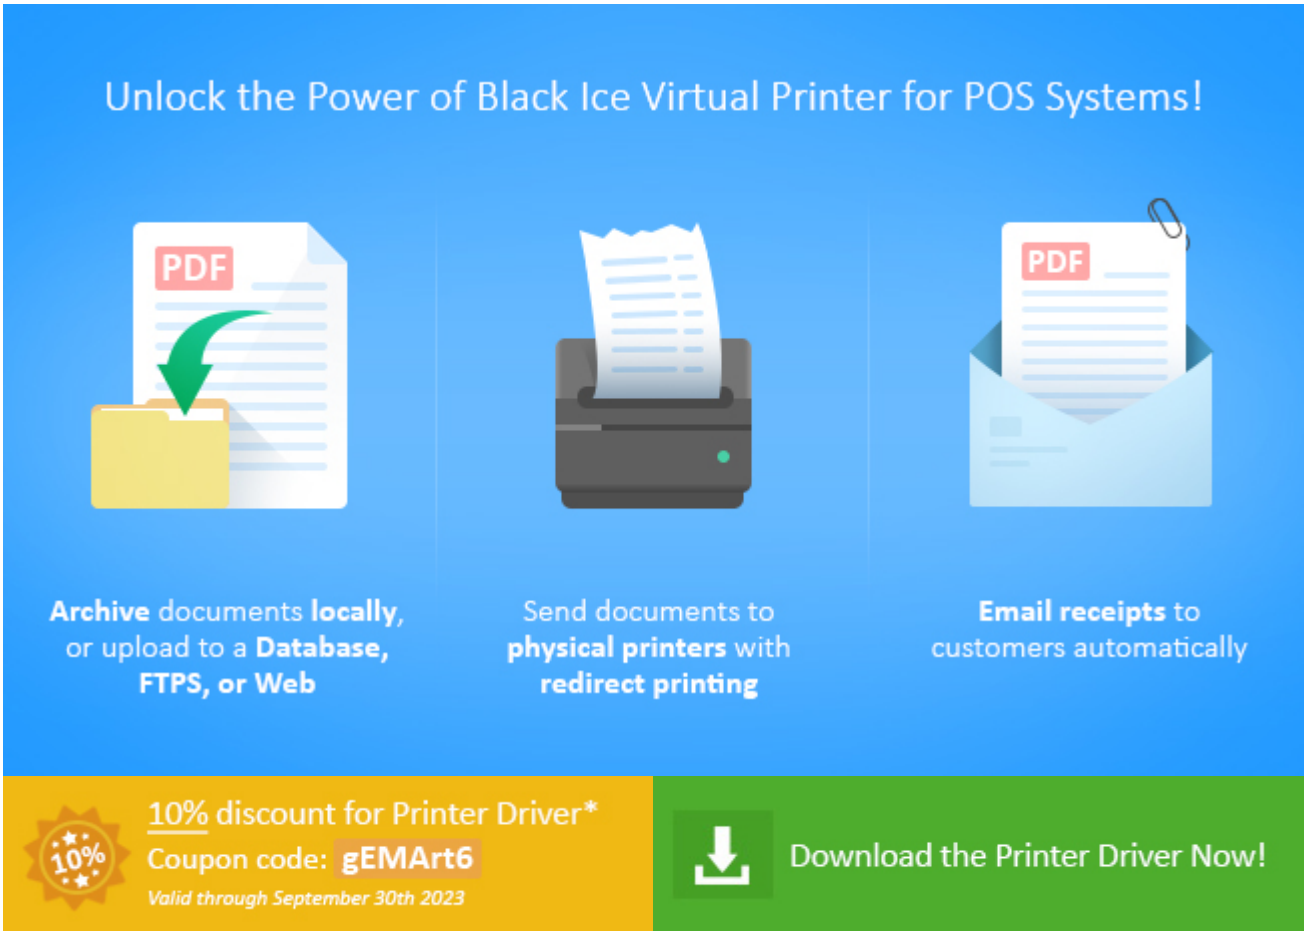
Seamless POS System Integration!



Unlock the Power of Black Ice Virtual Printer for POS Systems!

Dear Subscriber,

In today's fast-paced business world, efficiency and automation are key. That's why we're excited to introduce the Black Ice Virtual Printer, a game-changer for point-of-sale (POS) systems. It seamlessly integrates with your existing POS setup, offering versatile solutions that may have previously seemed out of reach in a turnkey solution.

Seamless Integration with Existing POS Systems:
Getting started is a breeze. Simply replace your physical printer with the Black Ice Virtual Printer. This step lays the foundation for a world of possibilities.

Unlock a World of Possibilities:
Once the Black Ice Virtual Printer is in place, you have the power to configure it to suit your needs. Here are some of the tasks it can effortlessly handle:

📂 **Archive Receipts:** Store your receipts in PDF format on your hard disk for easy retrieval and organization.

🖨️ **Redirect Printing:** Send the Printed document automatically to a physical receipt printer to have both an electronic and physical copy.

📊 **Database Integration:** Send receipts directly to your database, ensuring seamless record-keeping.

🔒 **Secure Storage:** Choose to transfer receipts to an FTPS storage or a secure HTTPS web server, keeping your data safe and accessible.

📧 **Email Receipts:** Enhance the customer experience by automatically emailing receipts to them, saving time and paper.

Simplified Workflow, Maximum Efficiency:
The true advantage of the Black Ice Virtual Printer lies in its ability to perform all these tasks seamlessly in the background. With a single click to print a receipt, all the necessary actions are completed without any user interaction.

Easy Configuration and Deployment:
Setting up the Black Ice Virtual Printer is a one-time effort. Configure it according to your specific needs, and the saved configuration can be used for deployment across your POS system with ease. Just run the MSI installer with the configuration file, and you're ready to go.

Don't miss out on this opportunity to streamline your POS system and boost efficiency. The Black Ice Virtual Printer is your solution for hassle-free, automated document management.

Ready to explore the possibilities? Reach out to us today to learn more and get started!

A list of some recent improvements to the Printer Driver can be found below:

DATE: 07-09-2023
Version: 17.42 (revision: 3057)

- Added license agreements of third-party components (#16531, #16532)
