Printer Drivers 13.51 Released

Configure the Printer Driver Through MSI Installer

Printer Drivers 13.51 includes a new MSI installer to enable System Administrators to create custom configurations for the Document Converter Printer Drivers. Additional improvements include a licensing mechanism to use multiple NIC cards compatibility for product registration.

The MSI installer will greatly simplify mass deployment and eliminates the need for customers to build custom installations. The MSI installer can be deployed in the following configurations:
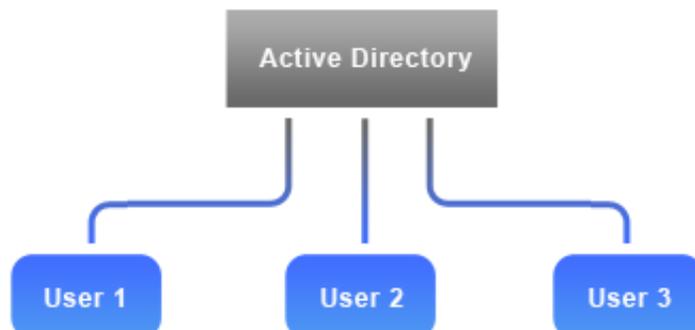

- Silent command line installation

  Supported Installation methods using Group Policy
- Assign to Computer (silent install)
- Assign to User (silent install)
- Publish

Massive deployment

Silent Printer Driver MSI install through Group Policy Deployment

With the new MSI installer the System Administrators can silently install the Printer Drivers on every computer when the User logs into the domain at first time trough Group Policy Deployment.

Supported Operating Systems of the MSI Installer;

- Windows 8 (32 bit and 64 bit)
- Windows 7 (32 bit and 64 bit)

Fax:

1(603)-882-1344

Exclude Me

- Windows Vista (32 bit and 64 bit)
- Windows XP (32 bit and 64 bit)

Detailed Documentation

For System Administrators for driver configuration

Black Ice software also released detailed documentation for System Administrators for driver configuration using the traditional installation method. For technical details please see the System Administrators Configuring the Drivers for Users
