Black Ice Software - February 1, 2017

Printer Driver 14.80 is released!

[Added Support for Windows Server 2016, Improved OCR Printing, Custom Filename Generation and more!](#)

Black Ice Software has released the Printer Driver version 14.80. The new version includes support for Windows Server 2016 operating systems.

Version 14.80 of the Printer Driver includes a newly improved Optical Character Recognition (OCR), providing more accurate and efficient conversion of typewritten or printed text into editable text files.

The latest release of Black Ice Printer Drivers includes further improvements for printing to Editable XML file format, and for printing from the BarTender application.
